Title: POISONOUS BAIT FOR PEST CONTROL

Abstract:

Source: JP8056542A PURPOSE: To obtain a poisonous bait containing dried shrimp powder as pest attracting ingredient, good in edibility, excellent in pest-controlling effect such as against flies, etc. CONSTITUTION: This pest-controlling bait contains, as pest attracting ingredient, about 1-55wt.% of dried shrimp powder prepared by making dried shrimp into powder pref. $\leq 1000\mu\text{m}$ in particle diameter using a grinder or juice mixer. Incorporation of a saccharide, dextrin or grain powder in this bait further improves its edibility. This bait containing about 0.5wt.% of O,O-dimethyl O-(3- methyl-4-nitrophenyl) phosphorothioate is optimal for controlling flies.
